**Racket testing procedure**

**Item: 4**

Dear Team-leaders,  
Dear Athletes,  
Dear Umpires,

We would like to remind you that from the Quarterfinals on the glue-test of the racket control will be carried out BEFORE the match, during the compulsory presence of the players at Rule 61 area.

Therefore the players are requested to be in that area latest 25 minutes before the match starting time. The match umpires will take the rackets immediately (without a detailed inspection) to the members of the racket control panel.

The racket testing will take 10 to 15 minutes; the match rackets will be marked and they will be available at the match table on time.

Not all Quarterfinal matches will be glue controlled; the table umpires will inspect the rackets of the matches that are not controlled, as they do for the matches of the first stages of this tournament.

All Semifinal and Final matches will be controlled before the match by the racket control panel.

If a glue test has been achieved before a match and the damaged racket had to be replaced, the new racket must be checked after the match by the racket control panel.
